Attention: Application Examiner

Re: Request to withhold information from public view per 0.457 and 0.459 of the Rules

Applicant: Sentient Energy Inc.
FCC ID: Z2E-MM2SSN1

Hello,

Sentient Energy has developed a new type antenna that will be used with the referenced RF module. A description of this antenna is required for the certification application. Sentient would like to keep this portion of the application under permanent confidentiality status.

Rationale:

Sentient has invested considerable resources to develop an effective and unique antenna for use with their products which are not sold to the general public. Public disclosure of the antenna information would give an unfair advantage to competitors.

If you have questions or need further information please contact the undersigned.

Sincerely

A handwritten signature in blue ink, reading "T.N. Cokenias", with a long horizontal flourish extending to the right.

T.N. Cokenias
Agent for Sentient Energy Inc.
